

Full Associated Press Service Inaugurated by The Telegram Over Special Leased Telegraph Wire Carrying World News

The management of the Sunday Telegram takes pleasure in announcing to its patrons and the public that, beginning with Sunday morning's issue, the paper will carry the complete night service of the Associated Press, furnished by telegraph over its own leased wire operating

in the Telegram editorial rooms. Heretofore the paper has employed an efficient telephone report connecting with the Pittsburgh distributing office of the Associated Press. The NEW service comprehends a nightly offering of not less than 15,000 words, covering an in-

creased report of the daily happenings of interest throughout the world—and furnished by the world's largest and most dependable news agency.

This service surpasses in magnitude anything yet attempted in the history of Clarksburg, and is, in fact, the most effi-

cient service employed by any paper in the state up to this time. The Telegram will now give its readers the news of the entire world from twelve to twenty-four hours ahead of papers coming in from other states, and without additional cost at this time to subscribers or advertisers.

FIFTEEN THOUSAND AUSTRIANS ARE CAPTURED

ANOTHER BIG BLOW GIVEN THE TEUTONS

But the Russians Are Unable to Follow up the Advantage Gained.

VICTORY IS IN GALICIA

British Feel That Cessation of Austro-German Offensive in East is at Hand.

LONDON, Sept. 10.—The Russian victory at Tarnopol, eastern Galicia, has been followed by another effective blow at the Austrians at Trembowla, twenty miles further south. In the combined actions more than 15,000 prisoners have been taken, according to Petrograd reports. As was the case at Tarnopol the Russians were unable to follow up the advantage gained at Trembowla owing to their inferiority in artillery and the Austrians were not pushed beyond the line of the river Sereth.

Basing its judgment on reports that the Germans are fortifying themselves strongly in the vicinity of Vilna, together with the trend of events on the southern wing of the eastern front and the slow progress of the Teutonic center, the British feeling is that cessation of the Austro-German offensive in the East may be at hand. Such a development would spell victory for that faction of the German general staff, which has argued that lengthening of communication was involving too much risk to warrant further advance.

French and German claims are so contradictory that it is impossible at this time to obtain a clear view of the situation in the Argonne, where the German crown prince is reported to have made considerable progress. The French are attempting to recover the lost ground, which the Germans assert include the fortified position at Marie Therese. It is likely that this region will witness some of the bitterest fighting in the west during the next ten days.

FRENCH STATEMENT OF WAR OPERATIONS

PARIS, Sept. 10.—Artillery fighting continued yesterday and last night along the lines in France, according to announcement made today by the French war office.

In the Vosges, the Germans made use of asphyxiating shells and flaming liquids as a result of which a French trench of the first line had to be abandoned.

(Continued on Page Nine.)

NEW YORK, Sept. 10.—Dr. Constantine Dumba, the Austro-Hungarian ambassador whose recall has been asked for by the United States government, left for his summer home at Lenox, Mass., early today, according to information given out at the St. Regis, where the ambassador spent the night after a protracted talk with the German ambassador, Count von Bernstorff.

There were insistent reports, however, that Dr. Dumba had secluded himself in his suite at the hotel to avoid being pressed for an opinion on the diplomatic situation by newspaper men.

PATRIOTISM STIRRED BY ZEPPELIN RAIDS

And in Every Part of England Men are Now Flocking to the Colors.

LONDON, Sept. 10.—The answer of the people of London and in the London district to these exercises in frightfulness may be given in an episode mentioned in the Manchester Guardian, says the Spectator in commenting upon the Zeppelin raids of Tuesday and Wednesday night. "A recruiting sergeant has been addressing crowds from a platform made of debris of ruined houses and the results have been excellent."

The Daily Mirror says the reply of London was a great army of recruits. A large number of volunteers appeared at Trafalgar Square, this newspaper says, and in every part of the country men flocked to the colors.

The evening Standard expresses the hope that the British government will announce its determination to hold the head of the German aircraft service personally responsible for the deaths occasioned by the Zeppelin raids.

The Globe and other newspapers take the view that every air raid on London or other English cities should be followed immediately by attacks on such German cities as Cologne, Strassburg, Karlsruhe and Dusseldorf, which are within easy reach of Belfort, France.

DR. DUMBA

Is Believed to Be in Seclusion in His Suite at Hotel in New York.

NEW YORK, Sept. 10.—Dr. Constantine Dumba, the Austro-Hungarian ambassador whose recall has been asked for by the United States government, left for his summer home at Lenox, Mass., early today, according to information given out at the St. Regis, where the ambassador spent the night after a protracted talk with the German ambassador, Count von Bernstorff.

There were insistent reports, however, that Dr. Dumba had secluded himself in his suite at the hotel to avoid being pressed for an opinion on the diplomatic situation by newspaper men.

HALL BOYS

Appear to Have Formed the Conspiracy to Rob Mrs. Nichols.

NEW YORK, Sept. 10.—The confession of a confederate employed by Mrs. Elizabeth Nichols has given the police detailed description of three men who caused Mrs. Nichols's death Wednesday night in an effort to steal nearly half a million dollars worth of jewelry from his parental residence in East Seventy-ninth street. These descriptions were part of an alarm sent today throughout the city.

After questioning Owney Tails, the hall boy who admitted he let three robbers enter the house, the police devoted their greatest efforts toward finding Arthur Waltersen, a young man who preceded Tails in his present position and recommended Tails to Mrs. Nichols when he left her employment. They believe that Waltersen was the head of the conspiracy to rob the wealthy widow.

Owney Tails, after spending a restless night in his cell at police headquarters, was placed in the "line up" today and closely scrutinized by 350 detectives. The confessed accomplice of the three men who caused the death of Mrs. Elizabeth Nichols while robbing her of several thousand dollars worth of jewelry, had previously been photographed, finger printed and measured.

Inspector Faurot said a general alarm had been sent out for a former butler in the Nichols home. Detectives now have under surveillance five men known to be associates of the former butler.

District Attorney Perkins will today place the evidence against Tails, who is held on an charge of homicide, before the grand jury.

NEGRO LYNCHED.

BOWLING GREEN, Mo., Sept. 10.—Love Ridd, a negro, who was taken from a constable by a mob near Clarksville Wednesday night, has not been heard from since, and it is reported he has been hanged. The negro was charged with robbing houses and making threats against white persons.

GIVE THE BABY THE RIGHT START IN LIFE BY ENTERING IN THE BIG RACE

Fifteen Gold Prizes Will Be Awarded Babies in Subscription Contest.

SEND IN ITS NOMINATION

Many Nominations Are Received and All Indication Point to Big List.

If you have a baby in your home and want to give it the right kind of a start in life—a start with a bank account—read full details of The Clarksburg Telegram's great circulation campaign, known as "The Shower of Gold for Babies." Gold cash prizes to the amount of \$1,600 will be distributed among the babies of Clarksburg and its vicinity on November 1. These prizes will not be given on the turn of the wheel or the drawing of a ticket. These prizes will go as rewards for work well done. If you enter The Clarksburg Telegram's "Shower of Gold" campaign depending upon your "luck" you will be left. If you enter it with a determination to win and outline a carefully planned campaign that will start right now and last until the last day, nothing can prevent your baby from being among the leaders at the close.

The work is pleasant. You can do it in your spare time. The Clarksburg Telegram is the greatest home paper of all this territory. Just think how many times a day you hear people saying, "I saw it in the Clarksburg Telegram." Then think how easy it would be to secure a renewal from some of them. There is something missing in every family that has not become a regular reader of The Clarksburg Telegram, and if you will go after these people and tell them what they are missing, and that you are working in this great campaign and are in to win and want their subscription, you will be surprised at how easy it is.

The campaign will be conducted absolutely and only along lines that will be fair to all who enter. Every rule is made with the view of protection to all concerned. In announcing a campaign of such magnitude, it is the intention of The Clarksburg Telegram to have a more far-reaching and in every way a more interesting campaign than any competition of its kind ever conducted in this part of the country.

If you are interested in this prize campaign and want to get started right, come in and get acquainted with the "Shower of Gold" manager, or call up by telephone and state what you desire to know or ask for suggestions.

Any inquiry addressed to the "Shower of Gold" manager will receive prompt attention. The next time you are down street drop into this department in The Clarksburg Telegram office and let the manager of the campaign explain it to you in detail and show you how easy it is to win.

Quite a number of people called at the "Shower of Gold" department and nominated their baby or one of their favorites. The campaign has not really started, but in a few short days it will be under headway and it is time now to send in your baby's name and address and get it started early in the race.

In a few days announcement of babies nominated for a share of the \$1,600 in gold will be published, and from the way the names have been coming in there will be a big number of babies working to receive the gold offered as prizes and the honor derived from winning.

Those who have favorite babies in the list will be anxious to see that the baby of their choice gets a good start in the great battle of ballots, and to this end have been clipping coupons seeking subscriptions in interest of the tiny tots.

It is time to send in the nomination now before the announcement is made. Do it at once.

KEEL LAYING Of Battleship is Postponed By Secretary of the Navy Until October 14.

WASHINGTON, Sept. 10.—Laying of the keel of the battleship California, which will be the world's first electrically driven dreadnaught, will not begin today at the New York navy yard as had been planned. Secretary Daniels has postponed the keel laying date to Thursday, October 14.

STRIKE SETTLED

Question of Difference is to Be Submitted to a Board of Arbitration.

ALBANY, N. Y., Sept. 10.—The strike on the United Traction Company's lines, which has tied up all city traffic in Albany, Troy, Cohoes, Waterfall and Green Island since Monday, was settled early today. Cars resumed operations on all lines soon after daylight.

The disputed point—whether the agreement between the company and its employees permits the discipline of motormen and conductors by either the general superintendent or division superintendent—will be decided by a board of arbitration on October 1.

SPY EXECUTED.

LONDON, Sept. 10.—Official announcement has been made that a spy was executed here today. The name of the person executed was not made public.

BRITISH CASUALTIES ARE VERY NUMEROUS

Fortnight Ended August 30 and Indicate the Severity of Fighting at the Front.

LONDON, Sept. 10.—Officers casualty lists for the fortnight ended August 30 indicate the severity of the recent fighting on the Gallipoli peninsula, where the bulk of the casualties come. They show 407 officers killed, 955 wounded and 136 missing, a total of 1,502, for the fortnight. This number has been exceeded only once in any fortnight since the beginning of the war, 1,627 casualties having been announced May 5 and May 18.

Losses of officers since the outbreak of hostilities have now reached a total of 15,840, of whom 4,790 have been killed, 9,698 wounded and 1,352 reported missing.

During the last fortnight Brigadier General A. H. Baldwin has been killed, three other brigadier generals have been wounded, nine lieutenant colonels killed and two reported missing.

AMERICAN TROOPS

On the Alert as Result of the Threats by Mexicans But No Outbreak Occurs.

BROWNSVILLE, Sept. 10.—There were one or two troop movements in the Brownsville section last night on account of threats by Mexicans, but no outbreak occurred. Army officials pointed out that the fact that the Caranza troops are entrenched opposite Progress crossing, a short distance above here, is not in itself an indication of trouble. The American troops also have dug small trenches where they must observe duty on the river.

TRENCHES TAKEN.

BERLIN, Sept. 10.—The French trenches near Schatzmannella and Hartmanns-Wellerkopf in the Vosges have been captured by storm by German troops. The capture was officially announced today.

OTHER TEUTON DIPLOMATS MAY HAVE TO LEAVE TOO

ACTIVE PULPIT WORK GIVEN UP BY BOWLES

Following a Long and Useful Career in Which he Endeared Himself to Many.

Dr. J. A. Baylor, of Wytheville, Va., addressed the conference at 8:15 o'clock this morning. He preached another clear and powerful sermon.

At the morning session the Rev. M. V. Bowles, of Guyandotte, was granted the superannuation relation.

The Rev. Mr. Bowles has had a long and useful career in the Western Virginia conference. He has served many of the best churches in this state. No man has been more honored than has Dr. Bowles. Many of the southern Methodist people of this state will regret that Mr. Bowles will no longer serve in the active ministry. After a long, useful and honored life in the ministry—a career marked by many brilliant achievements and never tarnished by an unseemly act, he retires into the private life of a superannuated preacher. He will likely make his home at St. Albans.

The Rev. Mr. Bowles has a son who is a prominent minister in the church in Texas.

T. F. Barber, of Barboursville, was

SPAULDING

Funeral is Announced to Be Held at the Home of the Family Tomorrow.

SAN DIEGO, Sept. 10.—Funeral services will be held tomorrow for the late Albert Goodwill Spaulding, one of the pioneers of baseball, at the family home at Point Loma, where he died suddenly last night. The ceremony is to be private and will be followed by cremation. For the last ten days Mr. Spaulding apparently had been rallying from what was supposed to have been a slight paralytic stroke and yesterday he seemed in good spirits. At 9:30 p. m., however, he complained of a severe pain in his head. His valet summoned Mrs. Spaulding but before her arrival he had lapsed into unconsciousness from which he did not emerge.

In the primary election in California for United States senator in 1910, Mr. Spaulding entered the race against John P. Works, of Los Angeles. Although he had only thirty days for his campaign he carried seventy-five legislative districts of the state as against forty-five for all other candidates. Despite this the state legislature declared that Works should be chosen.

JOINT COMMISSION

Seeking to Establish a Big Foreign Credit Loan Arrives in New York.

NEW YORK, Sept. 10.—The joint Anglo-French financial commission of six members, deputed by Great Britain and France to adjust the foreign exchange situation here, reached New York today aboard the steamship Lapland from Liverpool. They were met at quarantine by J. P. Morgan and H. P. Davidson, of the Morgan firm, who escorted them to their headquarters here. This afternoon the commission will meet a number of New York bankers at Mr. Morgan's home and enter upon the first of a series of negotiations looking toward the establishment of a big foreign credit loan.

The Lapland was conveyed by two British torpedo boat destroyers throughout the war zone.

Situation Caused by Dr. Dumba's Actions May Be Extended to other Men.

REVIEWING THE ACTIVITIES

German Ambassador is Under the Search Light of the State Department.

WASHINGTON, Sept. 10.—President Wilson's request to Austria to recall her ambassador, Dr. Dumba, has brought about a situation which contains possibilities of extending to other diplomats of the German allies.

Dr. Dumba used James J. Archibald, an American bearing an American passport, as a messenger to carry a communication to the Vienna foreign office. Although it has not been called officially to the attention of this government, the state department understands unofficially the Archibald also carried a communication for Captain von Papen, military attaché of the German embassy.

Secretary Lansing said today that the American government considered the sending of any communication in the manner which Dr. Dumba used an abuse of an American passport.

While all officials refused to discuss the situation further, it is known that the activities of Consul General von Nuber of Austria, as well as those of Count von Bernstorff, the German ambassador, are again being reviewed by the state department.

EXTRADITION

Of Men Who Admits to Being a German Spy is Ordered Deported.

NEW YORK, Sept. 10.—Ignatius T. Lincoln, a former member of the British parliament, who recently admitted he had been a German spy, was today ordered by Federal Judge Veeder to be extradited to England, to stand trial on a charge of perjury. Lincoln's attorneys contested the proceedings, charging their client would be tried as a spy if he were returned to England.

SEVEN GIRLS WANTED.

Servant girls looking for employment or any one knowing of any servant girl being out of employment will confer a great favor upon Mrs. L. J. McGee, if they will call her on the bell phone, 756-J and let her know who they are as she has employment for seven girls. Mrs. McGee is chairman of the employment committee of the Young Women's Christian Association.

GERMANY'S NOTE NOW UNDER CONSIDERATION

FINAL DECREE

In Suit against the United States Steel Corporation is Filed.

TRENTON, N. J., Sept. 10.—The final decree in the suit of the federal government against the United States Steel Corporation was filed in the district court of New Jersey today. Judge Buffington filed the decree personally.

The document was very brief. It merely stated that the suit had been filed, tried and decided and that the suit should be dismissed if it was signed by the four judges who tried the case—Buffington, McPherson, Woolley and Hunt.

The decision in the case was handed down on June 3. The government has already announced that it would take an appeal to the United States supreme court.

United States Will Not Consent to Arbitrate the Principle Involved.

WASHINGTON, Sept. 10.—President Wilson devoted several hours today to the study of Germany's note on the sinking of the Arabic. No official comment was made but it was indicated plainly that the German explanation is disappointing.

Count von Bernstorff had assured Secretary Lansing full satisfaction would be given if it were determined a German submarine sank the Arabic. Germany's statement that it could not acknowledge any obligation to grant indemnity is not considered full satisfaction by officials of this government.

It is understood that the United States government would be willing to submit to The Hague the question of how much indemnity should be paid but it is improbable that it will consent to arbitrate the principle involved.

An answer to Germany is expected to go forward promptly.
